Blaze brings in the House League - As you have probably heard, the Blaze has brought in the Boys Recreational Lacrosse league that was run by the Township Rec Department. This was always the long term plan and we are grateful for the support that the Township provided in giving young laxers the opportunity to play. We have opened up registration for the following:

- Grades K-2: a clinic style introduction to lacrosse in an appropriate environment that includes skill building stations and fun scrimmages to put the skills into practice.
- Grades 3-4: a great program for those with with some, limited or no lacrosse experience. This team-based program focuses on skills, terminology, game strategy and intramural league play.

Spread the word! Let others know not only about the travel teams but about our expanded lacrosse opportunities.

As always, if you have any questions, please contact us at blazelax@gmail.com.
