

Would you like to see your child’s artwork turned into a keepsake 10” melamine plate?

You can do this with the Make-A-Plate Project.

Make-A-Plate will be completed at home. Print the blank template and let your child create his/ her design.

Be sure the template includes name, grade and teacher on form below along with \$10 Venmo to @Robert-Fallon-4 or check made out to CPE HASA. If you pay by Venmo, please write Venmo date and user name on form below. **ALL FORMS MUST be Turn into Homeroom teacher by Wednesday, February 24th.**

Some tips to remember when completing Make-A-Plate:

1. You can use markers, pens, colored pencils, crayons, etc.....just NO GLITTER.
2. Leave a 1/4” border around the edge.
3. Do not fold the template. Return it in an envelope or in your child’s folder, with bottom portion of this form.
4. Write the artist name, grade and teacher on the template. For example: James K. 3C 5.

If the cost will prevent your child from ordering a plate, Home and School has funds available to help. Please e-mail Kristin Kearns at kbbuf@yahoo.com.
